- recognise the need for a mutual exchange of information, and
- set hereby the terms of their cooperation in the field of banking supervision of cross-border establishments based on the principle of mutual recognition of authorisations and regulations in compliance, in particular, with the provisions of Directive 2000/12/EC of 20 March 2000 relating to the taking up and pursuit of the business of credit institutions.

The information shall comprehend all relevant facts pertaining to :

- (a) the process of authorisations for establishing banking business and acquisition of shares in a bank, and in particular cases, the ownership structure of the shareholding enterprise itself

The Authorities agree that any confidential information shared by virtue of these arrangements shall be used only for lawful supervisory purposes. The Authorities will, to the extent permitted by law, maintain the confidentiality of all the information received from each other by virtue of these arrangements and shall not disclose any such information other than as necessary to carry out their supervisory responsibilities without obtaining the prior written consent of the other Authority and then only in accordance with the conditions (if any) attached by the Authority providing information. Each Authority shall, if it receives any legally enforceable demand for information received from the other Authority or acquired in the course of an on-site examination in the other Authority's jurisdiction pursuant to which it is obliged by law to disclose such information (notwithstanding any other provision of this Memorandum of Understanding), promptly notify the other Authority and will cooperate in seeking to preserve, as far as is legally possible, the confidentiality of such information.

III Notifications of intention to exercise the freedom to provide services or to establish a branch

Article 3

Pursuant to article 21 of Directive 2000/12/EC, the competent authority to be notified by any French (Polish) credit institution wishing to exercise the freedom to provide services

by carrying on its activities in Poland (France) for the first time is the CECEI (CBS).

The CECEI (CBS) will ensure that an institution with several places of business established in Poland (France) designates one place of business as the head branch, the managers of which would have to answer to the CBS (CECEI).
- 3 In case a notice refers to a change in the management of the branch, the CBS and the CECEI will use the one-month interim period between the notice and the occurrence of the change provided for in Article 20 (6) of the Directive 2000/12/EC to exchange information of which they are aware, on the fitness and properness of the designated manager of the branch.

The home Authority will discuss these concerns with the host Authority for the purpose of finding the best solution. The Authorities may agree on either ordinary or special measures to solve the supervisory problem. On a case-by-case basis and after due consideration, the home Authority may request the host Authority to accompany the home Authority or their commissioned examiners during a targeted on-site examination of the relevant parent institution if and to the extent this examination covers a specific area directly related to the supervision over the cross-border establishments in the host country.
